101 North began with a clear and simple mission: to provide the best, most exclusive film locations on the Central and South Coast. We are committed to building lasting relationships; our strong work ethic and unparalleled dedication to excellent service defines us personally and as a team.

With over 15 years of experience producing for stills and motion, we know the creative process inside and out. We understand what creatives, clients and scouts need from a location company. We are local; we grew up in Santa Ynez and Camarillo and have unique insight to all that Santa Barbara and Ventura Counties have to offer. Add to that our years of property management and real estate experience and the result is a balanced team, perfectly suited to serve both our property owners and our creative clients.

Bring us your projects and let us help with any or all of your **local production needs**: scouting, permits, merchandise storage, insurance, contracts, crew, hotel discounts, catering and restaurant recommendations. We can do it all AND set you up with a cargo van full of production gear!

101 North is an incorporated, insured brokerage that is licensed with the State of California, CA BRE #02004308
