Buellton -- County Permit

Population: 5,138

Buellton is one of five small towns nestled in the fertile green countryside of the Santa Ynez Valley. Conveniently located on Highway 101, Buellton is surrounded by working cattle and horse ranches, ostriches, vineyards, and a variety of row crops. The town is also home to a new microbrewery, the area's only livestock yard, a rodeo arena, and the main street is lined with American flags. There are a variety of hotels, restaurants, a campground, and the Valley's only 24--hour visitor services.

Lompoc Valley

Population: 42,300

Located on the picturesque Pacific Coast Hwy (Route 1), Lompoc is nationally renowned as the "City of Murals in the Valley of Flowers," with over 60 murals that recount the colorful history and culture of the Valley -- many painted by nationally acclaimed muralists. Each year, hundreds of acres of flowers bloom May through August. The region offers scenic winding roads, ranches, vineyards, rocky shores, sandy beaches, rugged cliffs, 4 to 5 crops per year, Point Conception Lighthouse, La Purisma Mission (a beautifully restored, Spanish--style mission complex), and Vandenberg Air Force Base, (launch site for rockets and satellites). Lompoc Valley has been the backdrop for many TV shows and movies, including Of Mice and Men, Seabiscuit, Sideways and Big Wednesday (surf film).

SANTA BARBARA, CITY

Known as the American Riviera®, the City of Santa Barbara is nestled between the Santa Ynez Mountains and a sweeping shoreline overlooking the nearby Channel Islands. Its unique south-facing position results in a temperate climate with sunshine from dawn to dusk. Santa Barbara is known for exceptional beauty and a world-renowned flair, much of it reflected in the area's architectural mix of Mediterranean, Spanish Colonial, Monterey, Moorish, and Islamic styles.

Population: 90,696

Credits: There Will be Blood, Deathproof, Sideways, Seabiscuit, Hidalgo, Of Mice and Men, numerous commercials and catalog shoots.

Permit Requirements

The City of Santa Barbara now offers one stop permitting with Parks and Recreation as the lead department issuing the photo and film/video permit, answering as many questions on behalf of the City as possible and if need be, directing you to the appropriate City department staff if requests are complex and need the expertise of a specific City department OR if any additional permits are required (i.e. road closures). Note that a photo and film/video permit is ALWAYS required for any shoot, with the only exception being "not-for-profit" photo shoots occurring on private property that have no impact to the public.

PERMITS: City of Santa Barbara

Parks and Recreation handles permits for any shoot occurring within City limits. This includes any street, sidewalk, park, beach, Stearns Wharf, the Harbor, city waters to 1 mile from shore and Coast Village Road in Montecito. Note that shoots at the Santa Barbara Airport are not handled by this office. See below for Airport information.

Due to increased numbers of visitors on Stearns Wharf and boater activity the Harbor/Marina area during the summer months, photo and film permit requests for dates between Memorial Day and Labor Day will be reviewed on a case--by--case basis and may be denied due to volume of activity. Permit requests for shooting in these areas on weekends, holidays and special events are strongly discouraged.
